Pandemic Electronic Benefit Transfer (P-EBT)

Information and Data Privacy Notice (Minnesota Statute §13.04 subdivision 2)

P-EBT Information

Your child may be eligible for P-EBT for the 2020-21 school year. P-EBT is a federal temporary emergency nutrition benefit that is loaded on electronic cards for families to purchase food. P-EBT is jointly implemented by the Minnesota Department of Education (MDE) and the Minnesota Department of Human Services (DHS).

To be eligible for P-EBT, children must be approved for free or reduced-price meals in one of the following ways:

- Receiving Supplemental Nutrition Assistance Program (SNAP), Minnesota Family Investment Program (MFIP) or Tribal Temporary Assistance for Needy Families (TANF)
- Approved through the Application for Educational Benefits for the 2020-21 school year
- Enrolled in a Community Eligibility Provision (CEP) school

P-EBT benefit amounts will be calculated based on the school's learning model each month. Benefits will be issued when one of the following situations occur:

- When the school reports distance learning for a majority of the month
- When the school reports hybrid learning for a majority of the month
- When the student elects distance learning for at least eleven days in a month

All students approved for free or reduced-price meals will receive P-EBT benefits retroactive to September for the months they meet the learning model requirement.
