OGICHIDA

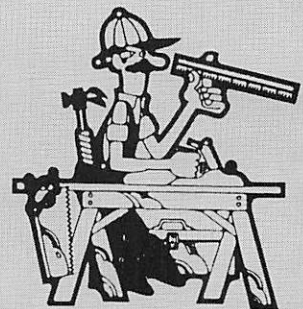

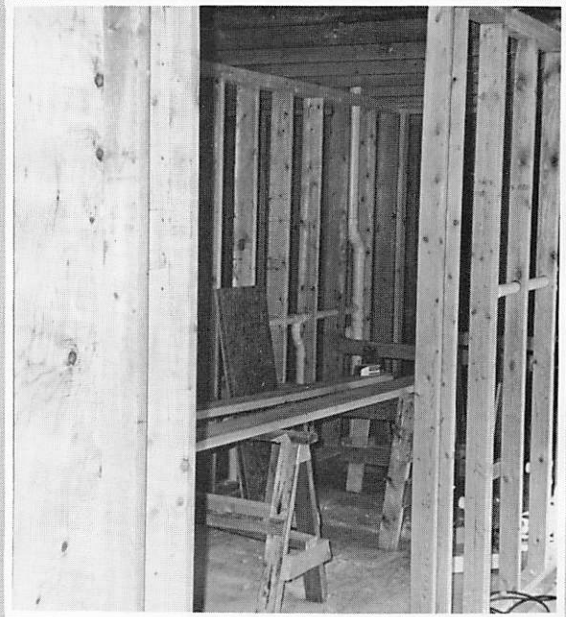

—Elementary Addition

The Ojibway School doubled in size this year when the elementary school opened doors to students in August. This expansion marks a significant change in the education programs on the Reservation by offering these programs for people from headstart to college. The elementary enrollment swelled beyond the expectations of everyone to a high of 101 students. Plans are already in the works to increase the space for the school to accomodate the expected increase in enrollment.

—Wolf Ridge—

Wolf Ridge Environmental Learning Center opened in September, 1988. Prior to it's opening, the facility was located a short distance West, near the village of Isabella and was known as Learning Center.

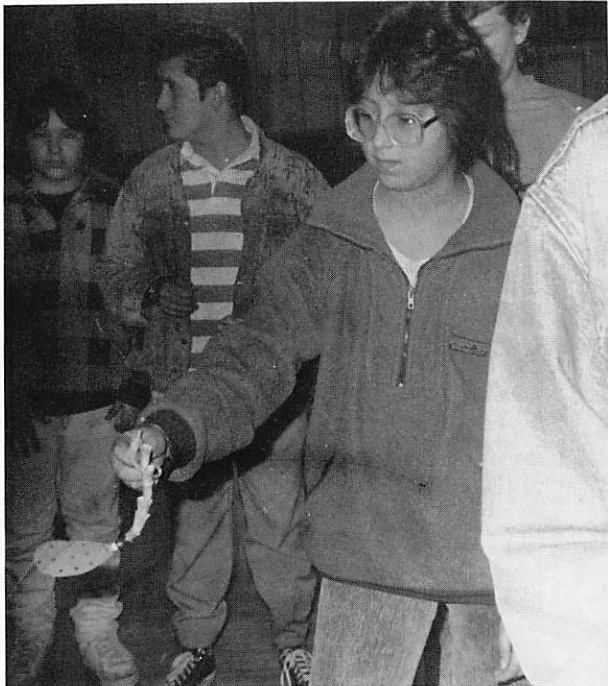

The Environmental Learning Center provides students with an opportunity to learn areas of science using the out-of-doors as their classroom. While at the ELC this year, students had the opportunity to learn orienteering while on snowshoes, rock climbing, outdoor survival skills, and cross country skiing. Students were also introduced to the ELC's mascot, Cree, a Mackenzie River Wolf. A subspecies of the Timber Wolf found in Northern Minnesota.

SPORTS

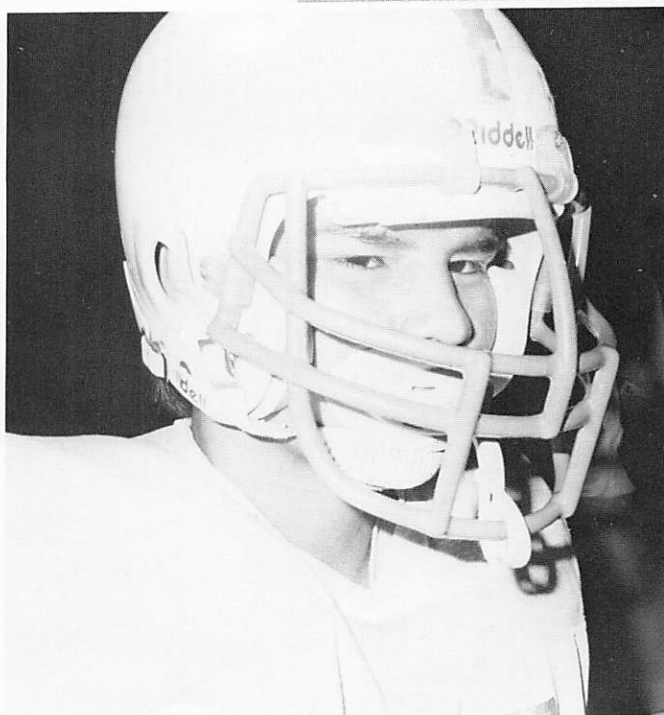

- FOOTBALL

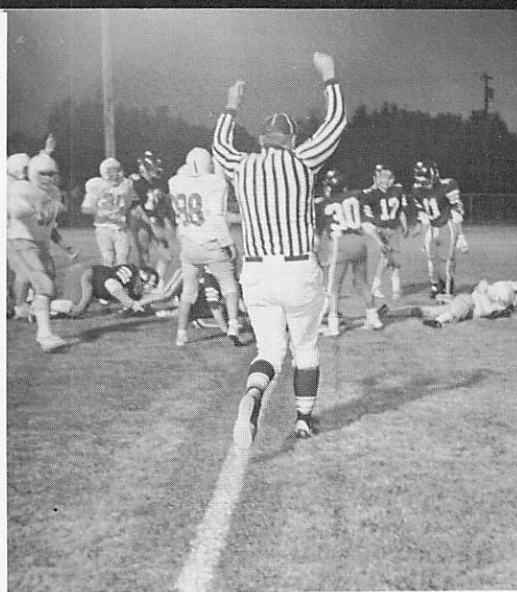

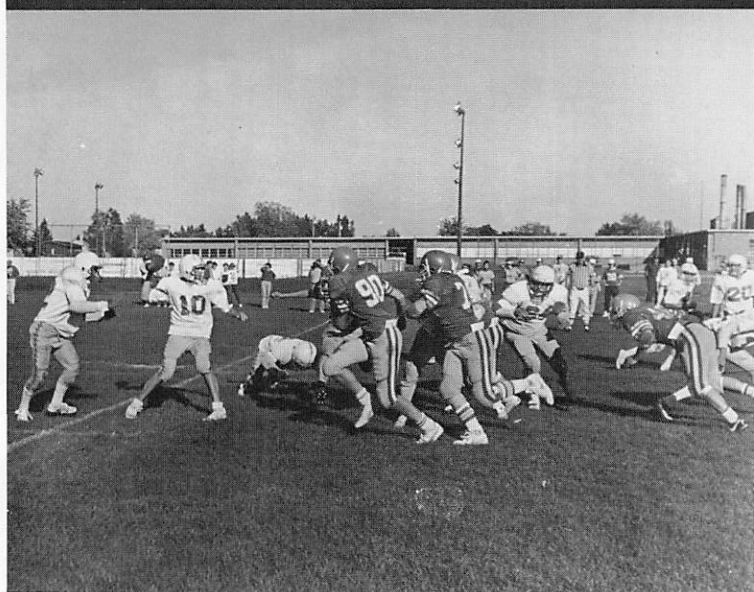

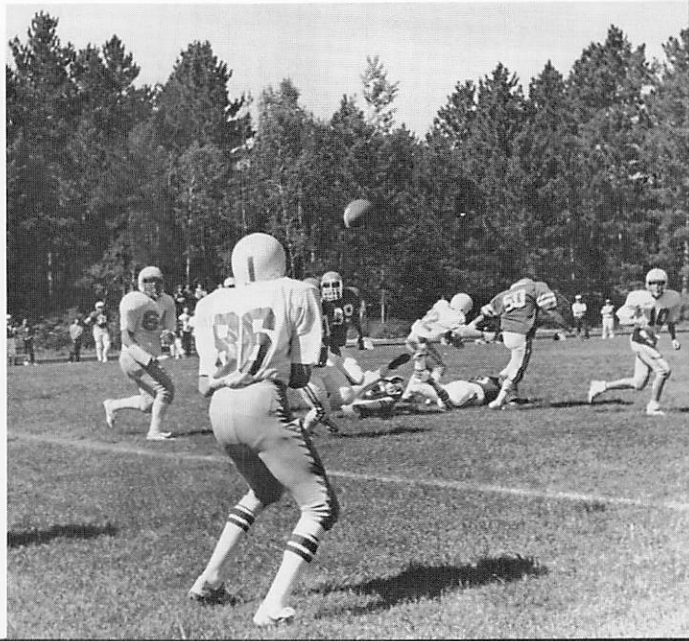

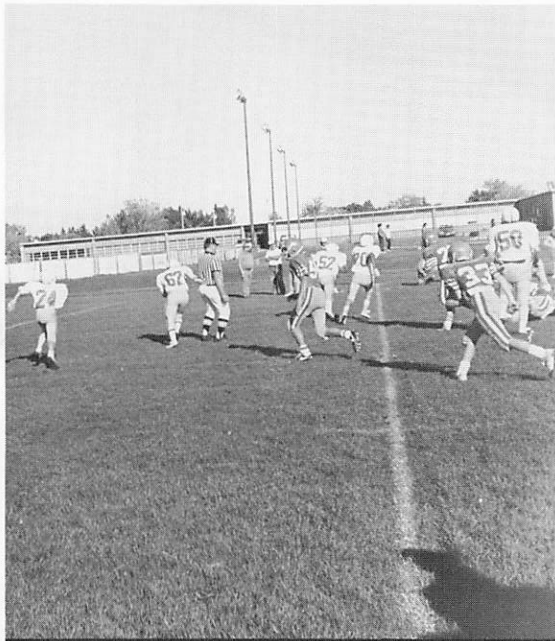

The Fond du Lac Ojibway School football team, led by Coach Joe Curran and Mike Rabideaux, had somewhat of an upsetting and frustrating 1988-1989 football season.

The players who stuck to it and did their best deserve a lot of credit.

This years team concentrated on young ball players in hopes of building a strong future team.

—BOYS BASKETBALL—

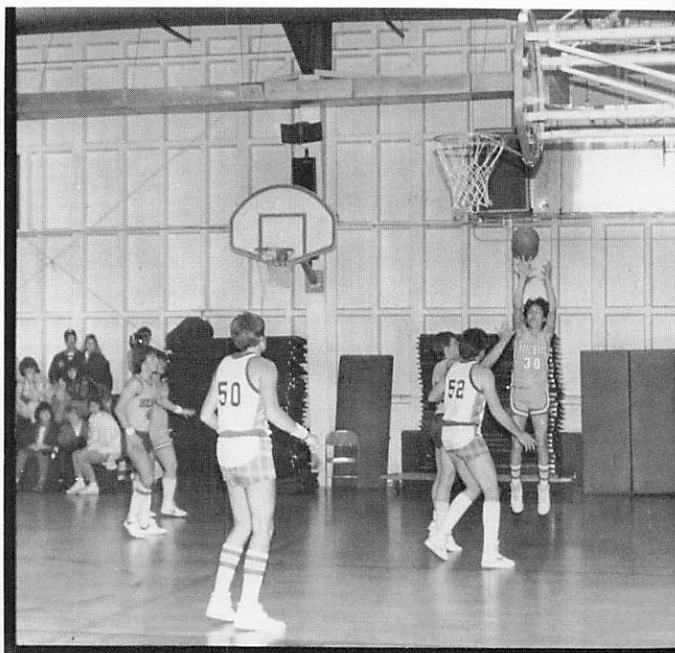

The boy's basketball team ended its season with a 9-7 record. One of the highlights of the season was capturing second place in the Christmas Tournament at Red Lake.

The shooting ability of Deron Decorah opened the eyes of area coaches when he broke the school record for most points scored in a single game..
